## Opens a New World of Beauty

Satisfying old songs, the sweet strains of a great band, the soft croon of a mother's lullaby—on The Cheney, the master instrument, each is reproduced with perfect fidelity. The Cheney opens to you the joy and inspiration and mystery of the soul of the world, for in all ages the longings of the human heart have been expressed through music.

**THE CHENEY**  
THE MASTER INSTRUMENT

The cabinets enshrining the wonderful inventions which make The Cheney supreme among phonographs are fittingly beautiful. They follow in beauty and grace of line the achievements of master designers in the great furniture era, yet in price The Cheney is within reach of every home.

## BLUE RIDGE ROD AND GUN CLUB BEFORE AND AFTER DESTRUCTIVE FIRE

East front of the clubhouse.

## NEW ROD AND GUN HOME IS PLANNED

Directors Favor the Erection  
of Building Which Will  
Defy Flames.

## PLAN STONE STRUCTURE

Meeting of Members Called for This  
Week to Hear Recommendations  
of Board.

Plans for building a suitable new home for the Blue Ridge Rod and Gun Club, to replace the large frame clubhouse near Harper's Ferry, W. Va., which was destroyed by fire Saturday evening a week ago, are being considered by the board of directors of the club. It is contemplated to construct the new building of stone, tile or other fireproof material.

The full membership of the club will be called to a meeting early this week. It is understood, at which time the directors will report on the loss incurred, and probably will recommend a general outline of procedure for the work of reconstruction. The fact that rock and stone suitable for building purposes are naturally plentiful in that part of the country is influencing some members to favor use of this material for the new home. It is said that stone quarried from the hills nearby would be more substantial from a construction standpoint than brick, tile or other substances. Opinions are divided on this point, however.

**Directors Visit Scene.**  
The scene of the disaster, a mile east of Harper's Ferry, on the Virginia side of the Potomac river, was visited Tuesday by the following members of the board of directors: H. D. Crampton, who is president of the club; Charles E. Hood, who is secretary; William C. Johnson, G. Thomas Dunlop and Dr. W. S. Harbar, one of the originators of the club. William F. Ham, the fifth director, who was at the fire, was unable to go. A general "post-mortem" of the ruins was taken, and it was noted that the imposing clubhouse which had stood on the hill overlooking the river, was a complete loss. The spacious lawns and shrubbery about the building were saved, and even the ropes of flagpole, some distance away, were burned.

According to revised stories of the conflagration, several members of the club, including Mr. Ham, Alexander Britton, Albert E. Berry, John L. Edwards, Charles G. Bell and John L. Newbold, were sitting at the dinner table when a woman entered the clubhouse crying "The house is on fire." Running to the front of the building the members saw that the roof was ablaze and that the second story, used for bedrooms, was filled with smoke. Subsequent details have already been published.

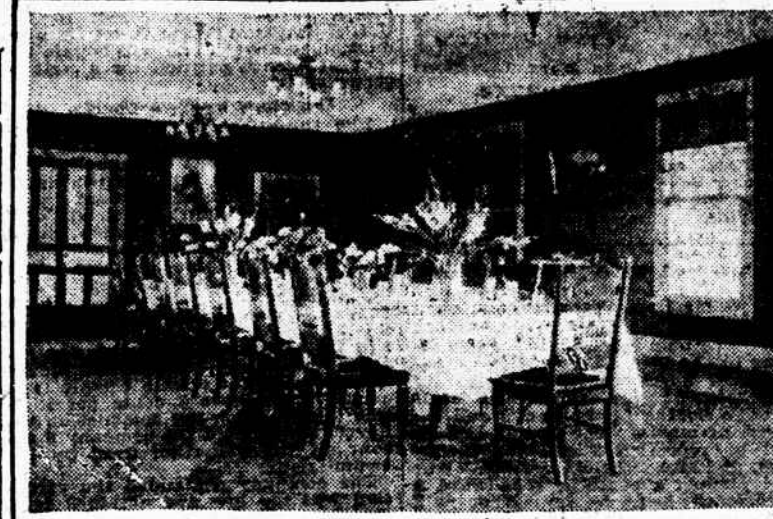

**Held Impromptu Conference.**  
The directors, following the fire, returned to Washington and held an impromptu conference at the residence of Mr. Britton. The meeting, necessarily, was in the form of an informal discussion of the probable cause of the blaze and a resume of the general condition of the club and by members.

Members are congratulating Mr. Britton on his presence of mind in saving the prized registry books, one containing the names of innumerable distinguished persons, who had been the guests of the club on special occasions, and the other containing records of exceptional sporting feats of members, such as number and description of fish caught, game killed or captured, etc. Mr. Britton remembered at the last minute to remove a new automobile to a place of safety. Practically all of the valuable hunting and fishing trophies, presented by members, which adorned the walls of the main floor rooms, were removed.

The clubhouse on several dates has been the scene of joint meetings of club members and other organizations, among them the Grignon Club and the District of Columbia Lawyers Association. Entertainment features of novel character have made these gatherings memorable in the club's history.

A random perusal of the pages of the guest book reveals such names as the following:  
C. F. Macdonald, United States consul at Hamilton, Ontario; C. E. Hamilton, former assistant secretary of the Treasury; Gen. R. W. Batchelder, Gen. Walter Wyman, Senator Francis G. Newlands, Representative J. H. Ball of Iowa, Gen. F. H. Palmer, Justice Job Barnard, Frank A. Vanderlip, former Public Health Commissioner, former Capt. Lansing H. Beach, chief of engineers; Judge C. C. Cole, Seth Shepard, Senator Nathan B. Scott of West Virginia, Senator Thomas E. C. Gerry of Rhode Island, Representatives Jesse Overstreet, Indiana; Charles B. Landis, Indiana; William H. Wiley, New Jersey; John D. Dwight, New York; Ernest W. Roberts, Massachusetts; and E. H. Louden, New Jersey; former Commissioner of Internal Revenue John Yerkes, Senator R. J. Gamble of South Dakota, Alton B. Parker, former presidential candidate; F. V. DeGraw, former fourth assistant postmaster general; R. J. Tracwell, former controller of the Treasury; and a long list of others, many of whom are now deceased.

Incorporated in Virginia.  
Following organization of the club

Dining room.

On April 24, 1893, in this city, a charter of incorporation was secured under the laws of Virginia, March 27, 1894. It was the intention of the incorporators to limit the membership to fifteen persons, but, on further consideration, a limit of fifty was established and by-laws to this effect adopted. Since that time there have been attempts at various periods to increase the membership, but efforts along this line have fallen through. Immediately after incorporation the club acquired a commanding site on a tall bluff overlooking the Potomac river, east of Harper's Ferry and across the river from that place, in Virginia. The clubhouse as originally constituted was shortly after erected on this property being completed about the spring of 1894. The first land purchased by the club comprised some thirty-five acres. In 1900 five additional acres were purchased at the foot of the bluff, fronting the river, and a boathouse was built thereon. The land was divided into two parts. One part, comprising about the spring of 1894, the first land purchased by the club comprised some thirty-five acres. In 1900 five additional acres were purchased at the foot of the bluff, fronting the river, and a boathouse was built thereon. The land was divided into two parts. One part, comprising about the spring of 1894, the first land purchased by the club comprised some thirty-five acres. In 1900 five additional acres were purchased at the foot of the bluff, fronting the river, and a boathouse was built thereon. The land was divided into two parts.
